**RENTAL / 2010**

## Rental conditions

### Concerning all rental offers:

- \* Transport days are to be understood as rental period
- \* The vacuum loader is available ex works; it has to be returned free of charge to us.
- \* Amphitec is not responsible for any claims arising from insufficient working results
- \* Amphitec is not responsible for any consequential losses which might arise from the use of the vacuum loader
- \* Costs which arise from excessive wear are to be borne by the renter
- \* Operator and suction tools are not included in the offer
- \* The vacuum loader may not be rented or given away to a third party
- \* The customer is responsible for the maintenance of the suction unit according to operating instructions.

Rental unit has to be given back in completely clean condition and with a full fuel tank.  
Any costs for cleaning or refuelling will be charged to the renter.

The suction unit is full insured – in case of an insurance claim due to damage, EUR 2500,00 is to be charged at the customers account and EUR 1.000,00 is to be charged in case of a third party claim .

The indicated prices are valid for: 40 hours per week, 7 days per week, max. 160 hours per 4 weeks

Terms of delivery : ex works Hendrik Ido Ambacht – The Netherlands  
Price validity : 2010  
Payment : at the beginning of each rental month, on receipt of invoice, net

The suction unit will only be provided after Amphitec Rental has received the signed rental agreement, the deposit and rental fees in advance.

The rental amount of one week becomes always due, even if the rental unit is used less than one week.

Offers are subject to confirmation.

Full rental conditions according to our general conditions.
